introduction

Those who are beginners need them as a guide for giving their first steps. The most experimented want to keep them handy as an eternal renewal of inspiration. Both count on them for showing off on a daily basis on the family table. At the end of the day, the basic recipes are the unquestionable core of the good cooking. You will find the recipes in this book are written in an easy-to-follow style, with most ingredients available at your

introduction

supermarket. Before trying them out, a revision will undoubtedly result useful.

Cooking methods

- **Steaming:** The food is set over boiling water and cooked in the steam given off. Place the food in a metal basket, on a wire rack, or in a steamer in a saucepan, set 1.5-2.5 cm/1/2-1 in above the water. Tightly cover the pan and cook for the required time. Steaming is one of the best ways to cook food and retain the maximum number of vitamins and minerals.
- **Simmering:** This is when liquids are just hot enough for a few bubbles to form slowly and the bubbles burst below the surface. Simmering takes place at a lower temperature than boiling and should not be confused with boiling.
- **Boiling:** This is when liquids are hot enough to form bubbles that rise in a steady pattern and break on the surface. The whole mass of liquid starts to move as the bubbling begins.

- **Pan cooking:** The food is cooked in a little fat in a frying pan. The most commonly used fats are butter and oil. When pan cooking you need to make sure that the fat is hot enough so that the food cooks without absorbing too much fat, but the fat should not be too hot or the food will burn.
- **Deep-frying:** The food is cooked in plenty of hot oil, enough to cover it deeply. To test the oil temperature, drop in a cube of bread and check that it browns in 50 seconds. If it takes longer, it means that the oil is not hot enough and the food will absorb too much fat. If it takes less time, it is too hot: the piece of food will be undercooked inside and the surface burnt.
- **Grilling:** Cooking food by direct dry heat. This method can be used to cook foods such as steaks, chops and sausages, as well as for browning or toasting the top of denser foods.
- **Baking:** Cooking food by indirect dry heat. The food can be cooked covered or uncovered, usually in an oven. Cooking meat in this way is called "roasting".

easy paella

ingredients

- > 2 tablespoons vegetable oil
- > 1 kg/2 lb chicken pieces
- > 2 large red onions, cut into wedges
- > 2 cloves garlic, crushed
- > 2 spicy sausages, sliced
- > 1 red pepper, cut into thin strips

tip from the chef

For this recipe use a Spanish sausage such as chorizo, or a spicy salami, and first quality saffron. Paella is really a complete meal, however you might like to accompany it with a tossed green salad.

- > 125 g/4 oz Parmesan cheese, grated

.....
Serves 6

tip from the chef

Arborio rice is specially suitable for risottos, as it absorbs liquid without becoming soggy. If arborio rice is unavailable, use short grain rice. A risotto made in the traditional way, where liquid is gradually added, will take 20-30 minutes to cook.

Remove from pan and drain on paper, set aside.
3. Just prior to serving reheat oil and cook chips for 3-4 minutes or until golden and crisp. Drain on paper and keep warm in a low oven.

tip from the chef

Frozen birds should be completely defrosted before cooking and the cavity rinsed under cold running water to remove any remaining ice crystals. It is safest to stuff a bird just prior to cooking and no longer than 3 hours before cooking. To test when a bird is cooked, place a skewer in to the thickest part of the breast then remove. If juices run clear the bird is cooked; if juices are tinged with pink return the bird to the oven and continue cooking.

tip from the chef

When testing if a steak is cooked, press it with a pair of blunt tongs –do not cut the meat, as this causes the juices to escape. Rare steaks will feel springy, medium slightly springy and well-done will feel firm. As a guide a 2.5 cm/1 in thick steak cooked to rare takes about 3 minutes each side, a medium steak 4 minutes and a well-done steak 5 minutes.

Pork should be cooked just long enough to retain its moisture and texture. If you overcook it the texture and flavor will deteriorate.

roasted

pork loin

■■■ | Cooking time: 90 minutes - Preparation time: 25 minutes

method

1. To make seasoning, melt butter in a frying pan. Cook spinach and pine nuts for 2-3 minutes or until spinach wilts. Remove from heat and stir in breadcrumbs, nutmeg and pepper to taste.
2. Unroll loin and make a cut in the middle of the fleshy part. Score the rind with a sharp knife, cutting down into the fat under the rind. Spread seasoning over cut flap. Roll up loin firmly and secure with string.
3. Place loin in a baking dish. Rub all over rind with salt and bake at 250°C/475°F/Gas 9 for 20 minutes. Reduce temperature to 180°C/350°F/Gas 4 and bake for 1 hour longer or until juices run clear when tested with a skewer in the meatiest part.
4. To make sauce, place apple, pear, dates, apple juice, honey, lemon rind and cloves in a small saucepan. Cover and bring to the boil. Reduce heat and simmer for 5 minutes, or until apple is tender.

glazed minted lamb racks

■■■ | Cooking time: 40 minutes - Preparation time: 30 minutes

ingredients

> 2 lean lamb racks, each containing 6 cutlets

burghul seasoning

> 4 tablespoons burghul
 > 1/2 cup/30 g/1 oz soft breadcrumbs
 > 3 tablespoons finely chopped fresh parsley
 > 1 tablespoon finely chopped fresh mint
 > 1 teaspoon grated lemon rind
 > 1 tablespoon pine nuts, toasted
 > 2 teaspoons mint jelly
 > 1 apple, peeled, cored and grated
 > 15 g/1/2 oz butter, melted
 > freshly ground black pepper

mint glaze

> 3 tablespoons mint jelly
 > 2 tablespoons orange juice
 > 2 tablespoons honey

method

1. To make seasoning, soak burghul in boiling water for 15 minutes. Drain and rinse under cold running water. Dry on absorbent kitchen paper, place in a bowl and mix with remaining ingredients.
2. To make glaze, melt jelly in a saucepan over a medium heat. Stir in juice and honey.
3. Trim excess fat from outside of lamb racks. Using a sharp knife, separate bones from meat, leaving both ends intact, to make a pocket. Pack seasoning firmly into pockets.
4. Place racks in a baking dish, brush with glaze and bake at 180°C/350°F/Gas 4 for 30-35 minutes or until cooked to your liking. Baste frequently with glaze during cooking. Serve with roast vegetables (see tip).

.....
Serves 4

tip from the chef

To make the side dish to lamb, use 4 halved potatoes, 4 pieces pumpkin and 4 onions. Boil or steam potatoes for 5 minutes, drain and allow to cool slightly. Score the rounded side of potatoes with a fork (this helps to crisp potatoes during cooking). Brush potatoes, pumpkin and onions with oil, place in a baking dish and bake for about 1 hour or until golden and crisp.

soft scones

■□□ | Cooking time: 20 minutes - Preparation time: 10 minutes

method

1. Sift flour and baking powder together into a mixing bowl, add sugar. Rub in butter, using the fingertips, until mixture resembles fine breadcrumbs.
2. Make a well in the center. Using a round-ended knife, mix the egg and almost all the milk through the flour mixture. Mix to a soft dough, adding remaining milk if necessary.
3. Turn onto a lightly floured surface and knead lightly with fingertips until smooth. Using heel of hand, press dough out evenly to 2 cm³/₄ in thickness. Cut scones out using a floured 5 cm/2 in cutter; do not twist cutter, or scones will rise unevenly.
4. Arrange scones close together on a greased and lightly floured baking tray. Brush tops with a little milk and bake at 220°C/440°F/Gas 7 for 15-20 minutes or until scones are golden brown and sound hollow when tapped with your fingertips.

ingredients

- > 2 cups/250 g/8 oz self-raising flour
- > 1 teaspoon baking powder
- > 2 teaspoons sugar
- > 50 g butter, chopped
- > 1 egg, lightly beaten
- > 1/2 cup/125 ml/4 fl oz milk

.....

tip from the chef

For best results, work quickly and have all the equipment cool. Wrap scones in a clean tea towel when ready so they will keep soft and light.

fruit pies

ingredients

rich shortcrust pastry

- > 2 cups/250 g/8 oz flour, sifted
- > 185 g/6 oz butter, cut into small cubes

cherry filling

- > 3 x 440 g/14 oz canned pitted black cherries
- > 2 tablespoons brown sugar
- > 4 teaspoons flour
- > 1 teaspoon ground mixed spice

Roll out remaining pastry and cut out a round from the center, or cut pastry in strips. Place pastry over filling, or arrange strips in a lattice pattern. Trim edges and pinch to seal.
4. Bake pie at 220°C/425°F/Gas 7 for 20 minutes, reduce oven temperature to 160°C/325°F/Gas 3 and cook for 30-40 minutes longer or until golden.

.....
Makes one 23 cm/9 in pie

tip from the chef

It is important not to work the pastry excessively, as it will become more elastic and less crunchy. In order to prepare it quickly and without touching it too much, the best way is to make it in the food processor.

coconut

angel food cake

■ ■ □ | Cooking time: 45 minutes - Preparation time: 15 minutes

ingredients

- > 3/4 cup/90 g/3 oz flour
- > 1/4 cup/30 g/1 oz cornflour
- > 1 cup/220 g/7 oz caster sugar
- > 10 egg whites
- > 1/2 teaspoon salt

- > 1/2 cup/125 ml/4 fl oz water
- > 3 egg whites
- > 90 g/3 oz shredded coconut, lightly toasted

method

1. Sift together flour and cornflour three times, then sift once more with 1/4 cup/60 g/2 oz of the sugar.
2. In a large bowl beat egg whites, salt, cream of tartar and water until stiff peaks form. Beat in vanilla essence, then fold in remaining sugar, one tablespoon at a time (a).
3. Sift flour mixture over egg white mixture then gently fold in. Sprinkle coconut over batter and fold in.
4. Spoon batter into an angel cake tin (b), then draw a spatula gently through the mixture to break up any large air pockets. Bake at 180°C/350°F/Gas 4 for 45 minutes. Invert tin and allow the cake to hang (c) while it is cooling.
5. To make frosting, cook sugar and water until syrup reaches the soft-ball stage. Beat egg whites until soft peaks form. Continue beating while pouring in syrup in a thin stream, a little at a time, until frosting stands in stiff peaks. Spread over top and sides of cake and press toasted coconut onto sides.

tip from the chef

An angel cake tin is a deep-sided ring tin with a removable base that has a center tube higher than the outside edges. Never grease an angel cake tin as this will stop the cake rising.
